Postdoc Editors Association – Accepting New Volunteer Editors

Now accepting new volunteer editors for the 2018-2019 Academic Year!

The University of Florida's Postdoctoral Editors Association (UF-PEA) is an editing service that helps postdocs who seek to improve English grammar and writing style. The UF-PEA is comprised of postdoc volunteers from multiple colleges across the University who offer preliminary review of manuscripts, grant applications, posters, slides and other scholarly presentations. While this service will be most useful to postdocs who speak English as a second language, the service is free and open to all postdocs at UF. Our editors provide feedback on structure and style of writing, but refrain from commenting on scholarship which is best honed by interactions between the postdoc and their mentor. UF-PEA facilitates higher level postdoc-mentor interactions by reducing time spent on basic writing needs.

Find out more, volunteer to edit, or submit a document for review at our website!
