[Making the Right Moves Research Management Series – December 2](#)

[Making the Right Moves Research Management Series](#)

December 2, 2016

12:00 - 1:00 p.m. in Communicore room C1-11

[Staffing Your Laboratory](#)

Mary Ellen Davey, PhD - Oral Biology, College of Dentistry

This seminar series is designed to provide practical advice for PhD and dual degree scientists, who will be managing and leading research teams of their own. The target audience is postdoctoral research trainees, advanced graduate students, and junior faculty.

[GatorCare Members – New Pharmacy Deductible Effective January 1, 2017](#)

Beginning January 1, 2017, GatorCare members enrolled in the Prime, Prime Plus, Premium, Healthy Rewards, or Options GatorCare health plans, will be required to satisfy a prescription drug deductible for purchases of all Tier 2-5 prescription drugs before the plan's prescription benefits apply.

The deductible amount is \$100 per covered person, with a deductible cap of \$400 per family. Each member will pay the deductible plus any applicable coinsurance, up to the cost of the drug. For drugs that cost less than \$100, members will pay the cost of the drug, until the \$100 prescription drug deductible is met. The deductible applies regardless of whether you purchase your prescription from a retail or mail order pharmacy.

Once a member has met the prescription drug deductible the plan pays benefits for the remainder of the calendar year, and members are responsible for only their coinsurance amount.

Members do not pay any deductible for Tier 1 drugs. If members fill only Tier 1 drugs during the plan year, the pharmacy deductible does not apply.

Now is the time to let your doctor know if you prefer a Tier 1 medication. Some drugs may not be available as a Tier 1, but there may be alternative medications in the same class that have a Tier 1 version. If you are currently being prescribed maintenance medications and are unsure if they are Tier 1 medications, please contact GatorCare's pharmacy benefit manager, MagellanRx directly at 800-651-8921, and the Member Services representative can assist you in determining the Tier level and in identifying Tier 1 alternatives which are not subject to the pharmacy deductible requirement.

Additional information explaining the GatorCare Pharmacy Deductible can be found at gatorcare.org/pharmacy.

Postdoc of the Month Awards

The Journal of Postdoctoral Research is a professional peer-reviewed multidisciplinary and cross-disciplinary Open Access international publication as a face of postdoctoral research. The Journal is now accepting applications for the "Postdoc of the Month" award for January 2017 and March 2017. Postdocs from all disciplines are eligible to apply. Deadline to submit for the January award is November 11, and the deadline to

submit for the March award is December 22.

The award will highlight an outstanding postdoc in ANY field based on 3 primary criteria:

1. Publication record as a postdoc
2. Awards, fellowships, grants, and other recognitions (e.g. patents) received as a postdoc
3. Dedication to the betterment of the postdoc and/or scientific community

The awardees will have their research profile showcased in that month's issue of the Journal and will be invited to write a "Spotlight" article (review, original research, or methods paper) to be featured in the Journal of Postdoctoral Research. In addition, each Spotlight article will also have an Editorial highlighting the postdoc's work written by one of the Journal's editors.

All winners will be considered for the Postdoc of the Year Award, which comes with a \$500 travel award.

Please click [Postdoc of the Month Submission Requirements](#) for application instructions.

Postdoc Mentoring Awards 2016

The Office of Postdoctoral Affairs is pleased to announce the continuation of the Postdoctoral Mentoring Awards for outstanding mentors of UF postdocs. The mentoring awards were established to encourage and reward excellence, innovation, and effectiveness in mentoring UF postdocs.

Information about past award recipients and the application for the 2016 award are available on the [Postdoc Mentoring Awards Website](#).

If you wish to nominate an outstanding faculty member for the award, please contact

[Cheryl Gater](#), Office of Postdoctoral Affairs Director, with the nominee's contact information.

The deadline for application is **December 15, 2016**.

Core Concepts in Biomanufacturing and Quality Systems: Applications of cGMPs

(Graduate Students and Postdocs Only)

Created in response to industry demand for employees who understand the practices and nuances of working in a regulated industry, this course provides future or current employees a comprehensive and applied understanding of how regulatory compliance is built into all aspects of a company. Using a blend of hands-on applications and lectures, course instructors integrate current Good Manufacturing Practices with core concepts of the manufacturing processes, facilities, quality systems, and documentation to build a solid understanding of the development, manufacture, testing, and release-for-sale of a regulated product.

This **two-day course** is designed to accommodate the busy schedule of students and postdocs. Please use the link below to register (**NOTE:** Registration is limited to 20)

DATE: December 2-3, 9:00 a.m. - 5:00 p.m.

REGISTRATION FEE: \$250
