‘Be a Mentor not a Tormentor’ Workshop

Thursday 14th December

12-2pm, 1031 Steinmetz Hall

Workshop leader: Dr Roger Fillingim, Distinguished Professor, UF College of Dentistry

Effective mentoring is critical to enable the next generation of scientists to continue advancing scientific discovery. However, most researchers receive no training in mentoring best practices. This interactive workshop will review characteristics of successful mentors and mentoring relationships and will discuss practices that enhance the quality of mentoring. Discussions of case scenarios will then be used to promote application of the principles outlined.

Postdoc Mentoring Awards 2017-2018

The Office of Postdoctoral Affairs is pleased to announce the continuation of the Postdoctoral Mentoring Awards for outstanding mentors of UF postdocs. The mentoring awards were established to encourage and reward excellence, innovation, and effectiveness in mentoring UF postdocs.

Please apply using the [application for the 2017-2018 award](#).

Information about past award recipients is on the [Postdoc Mentoring Awards website](#).

If you wish to nominate an outstanding faculty member for the award, please email [Cheryl Gater](#) with the nominee's contact information.

The application deadline is *November 30, 2017*.

Postdoc Editors Association

The Office of Postdoctoral Affairs is pleased to announce the creation of the University of Florida's Postdoctoral Editors Association (UF-PEA), a service to help postdocs who seek to improve English grammar and writing style. The UF-PEA is comprised of postdoc volunteers from multiple colleges across the University who will offer preliminary review of manuscripts, grant applications, posters, slides and other scholarly presentations. While this service will be most useful to postdocs who speak English as a second language, the service is free and open to all postdocs at UF. Our editors will provide feedback on structure and style of writing, but refrain from commenting on scholarship which is best honed by interactions between the postdoc and their mentor. UF-PEA will facilitate higher level postdoc-mentor interactions by reducing time spent on basic writing needs.

Postdoc Funding Opportunities

Postdoctoral Positions in Cancer Biology in Medical College of Wisconsin

A postdoctoral position is available immediately in the lab of Dr. Sunila Pradeep in the Department of Obstetrics and Gynecology in the Medical College of Wisconsin.

Postdoctoral research will be performed in a highly interdisciplinary and collaborative environment with world-class experts and state-of-the-art technologies and facilities, which provide unique and ideal career development opportunities. Using integrative experimental approaches, we seek to understand the fundamental mechanisms underlying cancer development, drug resistance and immunity.

This position will use both in vitro and in vivo models to study the molecular mechanisms of tumor progression in breast cancer and/or ovarian cancer. We are seeking a highly motivated, collaborative individual with publication record and strong background in cell signaling, epigenetic regulation of gene expression, micro-environmental factors and immune cells in cancer biology.

The candidate with a doctoral or equivalent degree (PhD) should have a demonstrated research experience in cell culture, protein chemistry, molecular and cell biology, epigenetics, and/or experimental therapeutics. Individuals with excellent interpersonal skills and being able to work independently and as a team-worker are strongly encouraged to apply.

Salary and benefits will be commensurate with experience and education. Candidates must have first

author publications in reputable journals from their terminal degree or current research.

Please send a cover letter, CV and contact information for three references to Dr. Sunila

Pradeep (spradeep@mcw.edu) or Pradeep Chaluvally (pchaluvally@mcw.edu), Department of Obstetrics and Gynecology, Medical College of Wisconsin, 8701 Water Town Plank Road, Milwaukee, Wisconsin, 53226.
